

Best of 2010 by *The Roman*

Movies:

Scott Pilgrim vs. the World – Probably the best comic book adaptation I have seen. Too many comic book movies cut out a lot of shit and waters down the content, but not with Scott Pilgrim. The movie followed the comics almost to the letter.

I also enjoyed ***Inception*** - a nice sci-fi mind bender that was more unique than most movies this past year.

TV Shows:

most of my TV watching is sports and porn (which is like sports) so I don't have a lot of shows I watch. That being said my favorites for 2010 were: ***Community*** and ***Fringe***

Music:

End of a Year "You Are Beneath Me" – For all those kids that miss the sound and fury of Rites of Spring, Embrace, and Fugazi

Bouncing Souls "Ghosts on the Boardwalk" - Another masterpiece from New Jersey's finest

Titus Andronicus "The Monitor" – lovely, fresh and fun

Refused "Live: Umea Open – Sweden" Ok so this concert took over a decade ago however that's how long it took for this show to come out on CD

Website:

<http://www.dirtydingo.org> – I love this site and if you love stealing you might like it too.

Gadget:

hands down, the iPad is the best gadget of 2010 and probably 2011 as well. The thing is a piece of beauty.

App:

ComicZeal for the iPad. I'm a huge comic book geek and I love being able to read comics on my iPad. Granted I still head down to Bargain Comics and drop them a \$100 a month but it's nice to find some CBR or RAR files of old stuff and read, read, read.

Funny:

TheGrandSpectacular's "Being a Dickhead's Cool" <http://www.youtube.com/watch?v=IVmmYMwFj1>
