

## Spin Master Creates Cutting Edge Toy Line for TRON Legacy Motion Picture

In 1982, the TRON movie makers set out to make the most cutting edge, futuristic sci-fi action film. Almost 30 years later, with Disney's highly anticipated and visually stunning TRON: Legacy hitting theatres, Spin Master has set out to create the most cutting edge and dynamic boys action toy line.

Capturing TRON's iconic essence and imagery, and by integrating the dark finishes, neon lights, cyber aesthetic and sounds from 2010's motion picture, Spin Master's TRON: Legacy toy line will immerse kids and adults alike. These toys will bring the characters and themes to life by boasting sleek design, eye-popping technology and endless opportunities for active play.
